Subject: Annual report 2020

Dear artists of the Art for Peace Foundation,

From Impulse to Foundation

A year ago I founded the platform Art for Peace out of a very strong impulse that I would like to merge with other artist friends, who also feel the call, to contribute with their Art to workshops and events to the personal development of individuals for a better World Community and connection with the environment.

It soon became apparent that we as a foundation could do much more and so we registered Art for Peace as a foundation in the Netherlands. For now, I took on the chairman of the board, treasurer is Daniel van der Heijden, former director of the Music Academy in Rotterdam and Lotte Groeneboom has become our secretary of the board and she is responsible for the communication. The foundation is registered under the KVK number 74842161 in the Netherlands. Our office manager is Katrin Nydegger. If you have any questions, please do not hesitate to contact here : info.artforpeace@gmail.com

Cooperation and logo use

In the meantime, I applied to the International Dance Council-UNESCO in Paris and was accepted as a personal member as well with the dance department of the foundation. With this membership, I hope that even more doors will open

for projects and events organized and sponsored by the Art for Peace Foundation.

For you as an artist of the Art for Peace Foundation this means, if you want to offer something in cooperation with the Art for Peace Foundation you can use the logo of the foundation for your advertisement, for a suitable agreed fee. If it has something to do with dance, in whatever form or style, and you would like to offer this in cooperation with the foundation, you can also use the CID - Unesco logo in addition to the Art for Peace logo. The CID-Unesco logo cannot be used individually, only in combination with the foundation logo. If you are interested in this kind of cooperation, please write us, register your so we can make an agreement for a reasonable fee.

Funding projects 2020

HUMAN - European Culture Project

One of the cooperation and funding projects of the Art for Peace Foundation in 2020 is the HUMAN - European Culture Project in Brussels, with new composed music by Helge Burggrabe performed and recorded by the Berlin Chamber Orchestra and the Elbtönl Percussion Group. The choreography under the artistic direction of Royston Maldoom will be created by Wilfried van Poppel, Amaya Lubeigt and Nanni Kloke. You can find more information on the website: www.artforpeace.net

Including community dance school project Neinstett - Germany 2020

We will also support the inclusive community-dance school project in Neinstett - DE next year. For this project we were able to find a very talented and keen young choreographer : Jordy Dick from the Netherlands. Jordy will work this summer for a week with some students and

teachers from *Die Freie Ganztage Schule* from Neinstett - DE at the Center for Movement and Awareness in Portugal to the theme of inclusion and connection through contemporary dance. At the beginning of September 2020, this group of pupils will work with Jordy for a week in Neinstett at the school with several other children, teenagers and children with "special needs". There will be a school performance at the end of this week. You can also find more information about this on the website.

Membership and support of the Art for Peace Foundation

We have now passed the first pioneering phase and new forms of support are coming up. Among other things, we noticed that the support of a direct circle of people supports us and our projects the most. With this in mind, we have developed various forms of support that we would like to share with you. Please get in touch - and if you would like to connect with the foundation at all in the New Year or in another way till now! There are different options:

I As an artist of the Art for Peace Foundation

New artists can only be recommended as a member of the Foundation by invitation and recommendation of the board and / or artists of the Art for Peace Foundation. Artists of the foundation are aware of their role as peace ambassadors through their art and want to actively contribute to a 'better

world'. By offering workshops and events in cooperation with the Art for Peace Foundation, they contribute to a create a strong base for (social) art projects that need (financial) support. Your activities are listed in our agenda on our website.

II Ambassador of the Art for Peace Foundation

Anyone can apply to become an ambassador for the Art for Peace Foundation if you want to be an active member and want to offer workshops and events in accordance with the Foundation's goals and guidelines. After being accepted as an Ambassador, you can:

- Use the Foundation logo to announce your workshops and events.
(Not the CID – Unesco Logo, this is only for the Artists)
- Your activities are listed in our agenda on our website.
- You will receive a Certificate of Appreciation.

We would like to thank the enthusiastic ambassadors who have already registered last year. The registration will be continued after the payment of the annual contribution for 2020.

Annual membership fee 55 euros.

III Friends of the Art for Peace Foundation

By becoming a Friend of the Art for Peace Foundation, you contribute a structural support of 30 Euros, to realize the projects of the Foundation's artists, as well as cooperation projects and events with external artists. We are very grateful for your contribution to realize community projects on places where it is strongly needed, especially in today's world where personal development and networking with others through art experience is so necessary. Every year you receive a newsletter / annual report to inform yourself about the developments of the foundation.

Annual fee 30 euros
